H2020 Project Number: 774208

**draft**

## **Hungarian National workshop No. 2. RURAL SOCIAL- SOCIETAL- PUBLIC GOOD ECONOMY**

**Date:** August 23-24, 2019

**Place:** Gyüttment Festival, Szekszárd, Sötétvölgy, Community Court, Local Economy Space

### **PROGRAM**

**Day 1**

**Friday, August 23, 2019**

**13:30-14:00 Registration**

**14:00-15:30 Community Supported Agriculture as an innovative form of collective action of farmers and consumers**

Zoltán Lengyel: A community supported farm - Táncoskert (Dancing Garden - [www.tancoskert.hu/](http://www.tancoskert.hu/)) – good practice on economically, socially and environmentally sustainable farming from Hajdú-Bihar County, permaculture farming, free range grazing

Discussion: attitudes, weaknesses and constraints (including needs and problems) for the operation of SCAs in Hungary.

**15:00-18:00 Cooperative ideal and principles**

Moderator and organiser of gamification: Zsófia Szepesi, Cooperative Centre

Topic:

Discussion on solutions strengthening an equal and supportive cooperation instead of competition, specially:

- how such solutions become necessary today;
- how to create common and mutually supportive circles of resource management,
- how cooperative model may support in implementation.

Discussions in forum and in small groups, short presentations, interactive games with many inspirations and open ideas.

**18:00-18:30 Dr Ágnes Major: Legal environment of cooperatives in the EU countries – selected examples within BOND project**

Discussion: attitudes, weaknesses and constraints (including needs and problems) for the operation of cooperatives in Hungary.

**18:00-19:00 Legal assistance and advisory on small farming, access to market and on cooperative matters**

**19:00- Dinner and social programme**

**Day 2**  
**Friday, August 24, 2019**

**09:00- 11:00 Social Economy and the relationship with local farmers and their opportunities**

- Definition of social economy and social enterprise, dilemmas in defining
- Role of local community in rural social economy
- What is common good? Do we need it? How to measure the objective social positive effect?
- How to achieve to have tailor made regulations and support which promotes local small farmers?
- Non-profit or for profit operation? What is actually non-profit?
- Should be labelled? If yes, what? Products of the social economy or the socially positive effect?
- Market distortion? How far competition law should be applied?
- What supportive measures could encourage public good economy?
- Good practices and examples of other countries?
- Possibilities in CAP planning

Validation of the conclusions and results of the first workshop.

Moderator Andrea Szabadkai

Presentations on the first workshop results and on good practices, discussion, proposal and action plan of the future joint actions.

**11.00-13.00 Forgind Basket Communities**
